Input meetings

OG21 will revise its strategy in 2021, and invites to open input meetings February 3-4.

Please sign up through this link.

Suggestions can be submitted also in advance of the meetings. Link to generic input form.

The following meetings are planned:

- **February 3, 9-11 a.m.** Reduction of climate gas emissions, in operations and through value chains. Link to Teams-meeting.
- **February 3, 1-3 p.m.** Safety and working environment. Two sections: (i) major accidents prevention, (ii) working environment. Link to Teams-meeting.
- **February 4, 9-11 a.m.** Cost-efficient exploration and operations. Two sections: (i) drilling, wells and P&A, (ii) subsurface understanding. Link to Teams-meeting.
- **February 4, 1-3 p.m.** Digitalization and automation - remote operations, unmanned/low-manned, autonomy. Link to Teams-meeting.

All meetings follow the format:

- Welcome. 5 mins.
- Strategy revision scope and timeline. 10 min.
- Introduction to theme. 15 min.
- Facilitated discussion, 75 min.
- Summary and next steps. 15 mins.

Input and discussions will be structured around:

1. Technology needs:

- Suggestions and potential effects
- Barriers to development
- Barriers to broad implementation

2. Knowledge gaps:

- Suggestions
- Barriers to development and application

We welcome suggestions also in advance of the meetings, either by e-mail to OG21's secretariat, or by the use of the generic input form.
