

The OG21 strategy

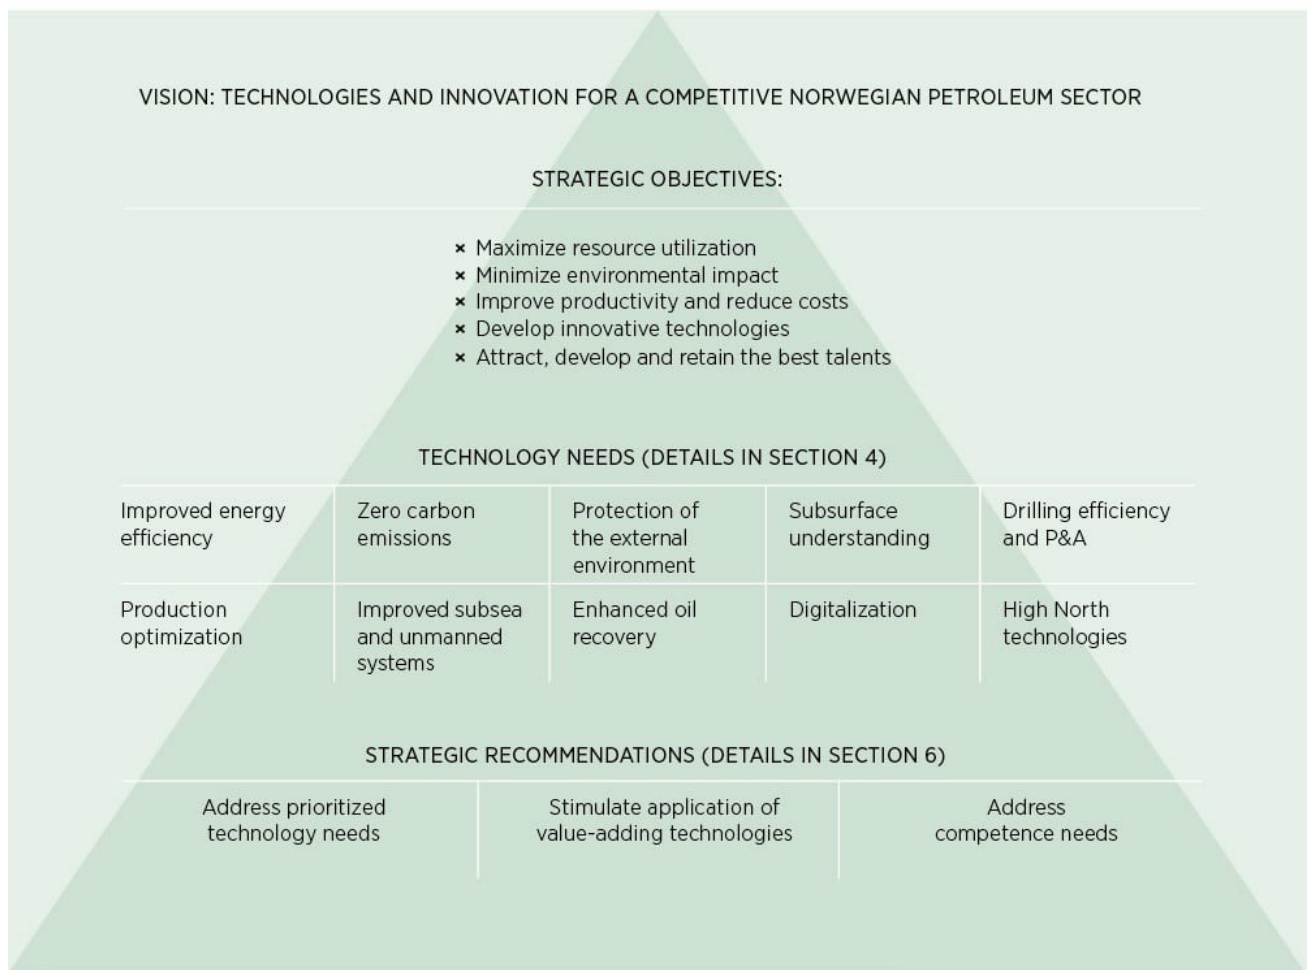

The OG21 strategy sets direction for public funded petroleum research in Norway, and it influences R&D plans and activities in the petroleum industry, in research institutes and in universities.

The OG21 strategy is revised every 5 years. It was last revised in 2016.

The strategy is written in English. The summary is also available in Norwegian. The two documents are available for downloading through the links to the right.

Summarized overview of the OG21 strategy
