The OG21 Strategy - A New Chapter

On the OG21 Strategy

OG21 brings together oil companies, universities, research institutes, suppliers, regulators, and public bodies to develop and maintain a national petroleum technology strategy for Norway.

The web version of the strategy, written in English, can be accessed through the figure box to the left. It is also available for [downloading in the pdf-format](#).

A Norwegian translation of the Executive Summary is available through the figure box to the right.

A supporting document developed by Rystad Energy, is also available for downloading, [link](#).

OG21-strategien - Neste kapittel Norsk sammendrag

The background of the slide is a photograph of ocean waves. The water is a deep blue-grey color, and the waves are breaking, creating white foam and spray. The perspective is from a slightly elevated position, looking down at the water.
